November 15, 2018

To Whom It May Concern:

This letter is written in support of the application submitted by UniTech Services SAS (“the Application”) in relation to the proposed nuclear facility it proposes to build on the site at ZAC Joincher, located in the town of Joinville, France, and occupying cadastral plot numbers ZH-127 and ZH-130 (“the Site”).

In the event the Application is successful and UniFirst Corporation’s subsidiary, UniTech Services SAS, proceeds with the project substantially in the form described in the Company’s *Dossier de Demande d’Autorisation d’Exploiter (DDAE)*, then UniFirst Corporation hereby guarantees that UniTech Services SAS shall have the necessary financial resources to meet the requirements of Articles L.511-1, L 512-6-1, L 516-1, and L 516-2 of the Environmental Code, including the setup of any required financial guarantees, and any costs that may be associated with the actual construction, operation, or eventual shutdown and restoration of the Site.

We trust that this letter provides sufficient guarantees so that the permit can be granted.

Faithfully yours,

A handwritten signature in blue ink, appearing to be "S. Sintros".

Steven S. Sintros
President & Chief Executive Officer
